

Registration for the German Language Support (DaF)

Pupil's name: _____

If German is not the native language, students are required to take German classes until they reach C1 level. Our School organizes a DaF program (German as a Foreign Language) during the School year enabling students to quicker integrate into the (Boarding) School's life and to participate actively in classes. Active participation is key for obtaining good grades as usually 50% of a grade are determined by oral contributions.

I am aware that the "German as a foreign language course" (DaF) is obligatory for pupils without German as a native language. The participation is voluntary if students can demonstrate a skill set and a proficiency in German of at least C1 (Goethe Certificate).

My son/daughter shall participate in the following DaF programs:
